1810 Gillespie Way | Suite 104
El Cajon, CA 92020
619.596.2766 | atacollege.edu

Purpose

The safety of students, staff, faculty, and visitors is an important concern for ATA College. We prepared this brochure to increase your awareness of some programs and provide information to protect your safety and well-being.

Policy Statement

ATA College Campus Security Program is an ongoing process that includes developing and enforcing regulations, procedures, and practices to provide a reasonable level of security for property, information, and the personal safety of associates, students, and visitors.

Administration and supervisory personnel are responsible for incorporating security practices and procedures in their respective areas of operation. Each associate and student is responsible for carrying out campus regulations, methods, and practices and shall comply with federal, state, and local laws related to security matters while on campus or while representing or conducting institutional business.

ATA College annually publishes this Campus Security Report in compliance with the Crime Awareness and Campus Security Act of 1990. It includes security policies and campus crime statistics.

Policies, procedures, and regulations are subject to change. Federal and state regulations are updated frequently. For more information on Federal Regulations, please contact the Senior Director of Education.

Policy

ATA College will comply with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act; commonly known as The Clery Act.

Crime statistics are compiled from the El Cajon Police Department and crime alerts and local crime maps are monitored by the school president and security officer.

Purpose

Under the provisions of The Clery Act, all schools must prepare an Annual Security Report (ASR) that contains, at a minimum, applicable policy statements and the statistics listed on the Campus Security Report form. The report must be published and distributed by October 1st of each year to all current students and current employees. Additionally, the report must be provided to all prospective students and employees. The ASR is also posted on ATA's website and the statistics are reported to the Department of Education via the internet.

Procedure

Administration will:

- Collect crime data, classify crimes, and report crime statistics to the Department.
- Publish and distribute an annual Campus Security report by October 1st of each year, inclusive of policy statements and crime statistics for the 3 previous years.
- Inform prospective students and employees about the Campus Security Report on an annual basis.
- Issue timely warnings and emergency notifications to the campus of crimes that threaten safety.

Procedure

Geographic areas associated with The Clery Act:

The Clery Act requires schools to disclose statistics for certain offenses committed in certain geographic locations associated with the institution. It is important to understand these definitions so that the statistics can be accurately gathered and reported.

The Clery Act crime definitions are as follows:

ON-CAMPUS

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or other retail vendor)

NON-CAMPUS

Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or relation to, the institution's educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

PUBLIC PROPERTY

All public property including thoroughfares, streets, sidewalks, and parking facilities that are within the campus or immediately adjacent to and accessible from the campus.

Procedure

The Campus Security Report will be maintained by the Security Officer/Compliance Specialist and will be used to prepare the Annual Security Report.

A reasonable, good-faith effort to obtain the necessary statistics from applicable local or state police agencies will be made. All requests and contact with the agencies must be documented if the school is asked to provide this documentation.

The Clery Act requires schools to retain the Annual Security Report and all supporting records used in compiling the report for three years from the latest publication of the report to which they apply. For example, the 2026 report contains statistics for 2025, 2024, and 2023. The 2026 statistics and supporting records must be kept until October 1, 2033 – in effect, seven (7) years. Supporting records include incident reports, crime logs, letters to local law enforcement agencies, and the Campus Security Report. This is not an all-inclusive list.

Procedures for Reporting Incidents

Procedure

ATA College has established campus policies regarding procedures and facilities for students and others to report crimes or emergencies.

All victims of crimes that occur on the campus or persons observing crimes, suspicious activities, or accidents may report these incidents on a voluntary and confidential basis accurately and promptly to any member of the administration, (619) 596-2766, and local law enforcement personnel by dialing **911**.

On-campus, Criminal Offenses should be reported to the School President, Senior Director of Education, or Security Officer.

The Senior Director of Education will assist the student in notifying law enforcement authorities if the student requests assistance.

The Senior Director of Education provides all victims of crimes that occur on campus or persons involved in serious traffic accidents, the opportunity to report the incidents to the local police department. If a victim declines to report the matter to the local police, the incident will be handled as an institutional matter. ATA College reserves the right to treat an offense as a disciplinary matter whether or not it is being investigated by a police agency. A Security Incident Report should be completed for each reported incident.

Policy

If a situation arises, either on or off-campus, that, in the judgment of the Senior Director of Education constitutes a serious or continuing threat to students and employees, a campus-wide Timely Warning will be issued. This is to include items listed in the Clery Act and natural disasters that threaten the campus or campus closure.

2. The campus is not open to the public. Visitors are subject to the rules and regulations of the campus. Visitors must identify themselves to the receptionist and be accompanied by a staff member.

Policy

ATA College has adopted and implemented a program that prohibits the manufacture and unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property and at any school activity. Any violation of this policy will result in appropriate disciplinary actions, up to and including expulsion, even for a first offense. Where it is apparent that a violation of the law has occurred, the appropriate law enforcement authorities will be notified.

Drug use and alcohol abuse have harmed society through major health and safety problems and contributed to the deterioration of the nuclear family. The administration, staff, and faculty are dedicated to providing education, awareness, and treatment referrals, along with legally mandated reporting and criminal sanctions. Students and employees will receive a comprehensive handbook annually, outlining the regulation of the Drug-Free Schools and Campuses Act that was published in August 1990. This handbook includes a written drug policy, information on health risks, legal penalties and sanctions, referral services, and treatment options.

This school will assist employees and students in the selection of appropriate counseling, substance abuse assistance, or rehabilitation programs. In addition, this school will not discriminate solely on the grounds of prior drug or alcohol abuse or against individuals who have satisfactorily completed a substance abuse assistance or rehabilitation program.

Policy

1. Sexual assault, including rape, is a violation of ATA College's Rules and Regulations for Conduct for students and associates and the Sexual Harassment Policy, as well as a violation of the penal code.

Campus Sex Crimes Prevention Act

The Campus Sex Crimes Prevention Act (CSCPA) of 2000, is a federal law that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or employed or volunteering on campus. The federal law requires state law enforcement agencies to provide ATA College with a list of registered sex offenders who have indicated that they are enrolled, employed, or carrying on a vocation at ATA College.

The CSCPA also requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information concerning registered sex offenders may be obtained.

ATA College is complying with this requirement by providing information regarding registered sex offenders in your area.

Violence Against Women Act

Crime of Sexual Assault, Domestic Violence, Dating Violence, or Stalking

Policy

ATA College institutes this policy as part of its commitment to a safer and more supportive living, learning, and working climate and to the prevention and reduction of the incidence and effects of domestic violence, sexual violence, and stalking within the Institution. ATA recognizes that domestic violence, sexual violence, and stalking present unique issues for its students, staff, and faculty and does not tolerate sexual misconduct in any form, including but not limited to sexual assault, harassment, exploitation, intimidation, dating violence, domestic violence and/or stalking. ATA administration fully supports all local, state, and federal laws governing sexual violence and harassment and will cooperate to the fullest extent possible. ATA, in a good faith effort to comply with amendments to the Clery Act, as mandated by Section 304 of the “Violence Against Women Reauthorization of 2013”, is committed to the ongoing development of prevention and awareness programs, policies, and procedures.

Victim’s Rights

ATA strongly encourages all individuals to report incidents of sexual misconduct directly to law enforcement. Preservation of evidence may assist in proving an alleged offense occurred or may help obtain an order of protection and therefore time is of the essence. ATA will assist with notification if requested. Victims have the option to decline assistance from law enforcement and campus authorities. ATA will support the rights of victims and adhere to protective orders resulting from legal action. ATA will make accommodations or provide protective measures upon the victim's request and if reasonably available whether or not the victim chooses to report the crime.

Reporting

A Reporting Party may submit a report to ATA alleging sexual misconduct. If the Accused Person is a member of the ATA Community, the report goes to the Senior Director of Education or, in the alternative, to ATA’s Chief Executive Officer. Reporting may occur in person, by phone, by email, or by letter.

When a report is received, ATA will provide the Reporting Party with a written notification that explains the process, student and employee rights and options, accommodations, and options under this Policy, together with information regarding the availability of support services within both the institution and

community. At the request of the Reporting Party, ATA will notify local law enforcement officials. If the alleged Sexual Misconduct is reported to law enforcement ATA will defer to law enforcement and take no further action until law enforcement has completed its process.

ATA will make available to a Reporting Party an ATA employee with training in victim rights issues, preservation of evidence, and campus and community-based resources. ATA will take measures to protect the identity of the Reporting Party and other necessary parties, including omitting personally identifying information about the Reporting Party and maintaining the confidentiality of any accommodations or protective measures provided to the Reporting Party, as long as maintaining such confidentiality will not interfere with ATA's ability to provide the accommodations or protective measures.

Students seeking information about counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims, both within ATA and in the community should contact campus student services. Reporting Parties who seek assistance to request changes to academic, living, and working situations or protective measures should contact campus student services. ATA will provide such assistance concerning whether the Reporting Party chooses to report the event to ATA or local law enforcement.

Standard of Evidence

The burden of proof in all cases is the preponderance of the evidence, whether it is more likely than not that sexual misconduct in any form, including but not limited to sexual assault, dating violence, domestic violence, and/or stalking occurred. If the evidence presented meets this standard, then the respondent must be found responsible.

Discipline

ATA will employ a process that is prompt, fair, and impartial from the initial investigation to the result. Any hearing will be conducted by officials who, at a minimum, receive annual training on sexual violence issues and how to conduct an investigation and hearing process that protects victims and promotes accountability. The Reporting Party and the Accused Person will have the same opportunities to have others present during any institutional disciplinary proceeding.

Personally-Identifying Information

ATA will ensure that the Reporting Party's personally identifying information will not be included in any publicly available recordkeeping, including Clery Act reporting and disclosures such as the annual Campus Security Report and the daily crime log. Personally identifying information is defined in Section 40002(a) of the Violence Against Women Acts of 1994 as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed or otherwise protected.

Victim's Services

ATA College does not offer on-campus victim's services; however, all students are encouraged to visit the student services department to receive information on services available in the community. Some of those services include:

- Domestic Violence Resource Center: <http://www.dvrc-or.org>
- National Center for Victims of Crime: <https://victimsofcrime.org>
- Break the Cycle: <https://www.breakthecycle.org>
- Community Legal Services: <http://www.clsaz.org>
